PREMIUM QUALITY CHIPS FROM SALLA -
IN THE MIDDLE OF NOWHERE

THANK YOU FOR CHOOSING
OUR PREMIUM CHIPS.

With every crunch, you taste tradition that has been passed on for generations. I come from a long line of reindeer herders in Salla, eastern Lapland, where all my reindeer roam free in the wilderness.

My family history can be traced back to the 17th century. I'm the 10th master of the Lahtela house, and I continue the legacy of making meat products that present the flavours of its origins: pure northern nature.
